THIS KIT INCLUDES:

- Hair brush in pine wood with natural bristles of extra soft goat hair, ideal for newborns. The natural bristles are recommended for the natural elimination of the milk crust.
- 100% natural sea sponge collected traditionally in the Mediterranean Sea (Greece). This process contributes to their growth and regeneration, giving the sponge great durability and softness. Each sponge has a unique shape and is different from all the others since they do not undergo any transformation process since they are harvested.
