Our new hair accessories are handmade in 100% cotton gauze. Super practical to put on, they are the final touch for a perfect look.

Made from recycled bottles, our beach set consists of 14 pieces that will be part of the youngest's imaginary adventures.

4 spoons | 6 forms | 1 watering can | 1 bucket | 1 water mill | 1 boat

Made of recycled polyester the mechies are the most practical accessory you can take to the beach and store all your toys, towels and accessories. They come in a bag that, when opened, turns into a mesh bag. Super functional and large, it has a small pocket where you can store your most delicate belongings.

Our splashers are made from recycled polyester and have extra dense and resistant foam. It is 100% adjustable at the back and provides much better stability in the water than regular vests thanks to the attachment of the arms. In this way, the child is fully supported and in a vertical position, avoiding inclinations and rises of the vest without having to wear a strap between the legs, avoiding this discomfort.

NEW SUNNIES I NEW FLEXIBLE MATERIAL W/ POLARIZED LENS

We all know that children are always wearing sunglasses, but now that will no longer be a problem. The new sunglasses for kids are extremely flexible thanks to their new recycled TR90 material that makes up the entire frame. In addition, they are now reinforced with polarized lenses for greater safety. This material only available for the child model.
